### EXAMINER'S AMENDMENT

1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on February 15, 2005, Mr. D. Patrick O'Reilley has requested an extension of time for ONE MONTH and authorized the Director to charge Deposit Account No. 06-0916 the required fee of \$120.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: cancel claim 41.

2. Claims 1-33 and 42-49 are allowed over the prior art of record.

3. The following is an examiner's statement of reasons for allowance:

Han (6,261,082) teaches a pressing apparatus comprising a knockout punch assembly (46) and a die assembly (52, 58); wherein the apparatus further discloses a bushing (42) including a lumen (68) for slidably supporting the knockout (60) and a round tapered recess (70) for receiving the complementary tapered end of a knockout shaft (62).

However, Han fails to disclose a knockout for a press having a first end connected to a knockout plate of the die assembly and the second end of the knockout having a tapered portion and disposed for mating in a complementary recess in the die assembly.

Art Unit: 1722

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
